

Exhibit Rules & Regulations

Admittance

Admittance to the exhibit floor during installation will only be permitted to those persons with a temporary work pass or an exhibitor badge. On show days an exhibitor badge will be required to enter the show including one hour prior to opening and one-half hour after closing. Should you require additional time, please see Show Management. No one under the age of 16 will be allowed on the show floor.

The trade shows floor is available to all qualified attendees wearing an identification badge without restrictions. Qualified tradeshow attendees must wear an official badge. Please report any unauthorized attendees to the security personnel or show management staff immediately. Each exhibitor may reserve private areas within the booth that are not made generally accessible. The booth construction must make it evident which parts of the booth are not meant to be generally open and provide for access control to these parts (i.e. doors, walls, etc.). Discrimination policies denying admission to generally open displays to only some trade show participants (wearing an official badge) are not permissible.

Booth Payments

Both domestic and international exhibitors will be required to settle their accounts in full prior to booth installation. Payments made on site must be made by certified check, Canadian dollars or credit card (Visa, MasterCard, AMEX.)

Booth Responsibility

It will be the responsibility of the company who contracts the space to maintain personnel in the booth at all times during show hours. Any Exhibitor who starts to pack or dismantle the booth prior to show closing will be charged a set fee of \$1,000. Show Management will closely monitor this.

Booth Furniture

GES will be offering a booth package at a special discount rate. GES will also be offering additional individual furniture rental and specialty items.

Note: In order to qualify for the offered advance discount rates, forms must be returned to appropriate locations by the specified deadline dates.

Catering Services

Please take time to familiarize yourself with the enclosed Guidelines for Display. Automechanika Canada will abide by these standards. Exhibitors requesting variances and/or exhibits that do not comply with the enclosed guidelines must complete the Booth Variance Request Form and receive approval from Messe Frankfurt, Inc. to deviate from these industry standards. Onsite, exhibitors not in compliance with these rules will be forced to correct rule violations prior to the show opening.
